

# 27'

# CHALLENGER

Boston Whaler's largest unsinkable commercial cabin boat model is aptly named "Challenger" because it is designed to conquer the most challenging conditions. Also available in short and extended cabin configurations, the 27' Challenger affords weather protection for passengers and equipment in the helm with two bunks and room for a portable head below. The short cabin version offers the same arrangement below decks but with a smaller helm enclosure to maximize aft deck. Shown with options.

## SPECIFICATIONS

	<i>US</i>	<i>METRIC</i>
