

27'

VIGILANT

The Vigilant is the ultimate pilothouse walkaround model. The 27' Vigilant affords 360-degree deck access while still providing ample weather protection for passengers and electronics. Agencies responsible for the development of the Vigilant specified unobstructed pilothouse visibility for day and night operation, boarding officer capabilities and ample storage. Originally developed for anti-terrorist interdiction and harbor surveillance, the Vigilant features a host of options making it well suited for applications ranging from rescue to military operations. Shown with options.
